@jonkarl is pushing a phony clip to sell a book. Trump ignored his question. Clearly. This is so dumb.

Shameful, too. @JohnBerman and @briekilarcnn and Norman Eisen are pretending that the clip says something it clearly doesn't.

My official statement on the Scottsdale Unified Dossier scandal:

GOVERNOR

STATEMENT BY KARI LAKE
REPUBLICAN CANDIDATE FOR ARIZONA GOVERNOR

The President of the Scottsdale Unified School District's board has been caught creating dossiers on dozens of parents in his district who vocally oppose CRT, the woke curriculum that's poisoning the minds of children.

I am calling on him to resign immediately.

If he won't admit his obvious wrong doing and step down, the rest of the board should show leadership and demand it.

Concerned parents at school board meetings have been painted as terrorists, while someone like Jann-Michael demeans, cyber-stalks, harasses and doxxes anyone who opposes him.

I stand with the parents in Scottsdale who have gotten involved to give their children a fighting chance at a good education and will fight for them

as Arizona's next governor

I have to be honest, when I was on the team to pass Prop 11, I don't think anyone on the "Yes" contemplated redistricting commissioners being individually out front advocating in the public square. It's certainly not prohibited, but is it in the spirit of Prop 11? Debatable.

I read that LAT article and it seemed a bit hyperbolic. It seems that some are upset because a political dynasty is being threatened, but then as you point out the Latinx CVAP majority districts are increasing even when we are losing a full CD

After 2 consecutive mandates, and after Prishtina voted Kurti in national elections with over 60%, VV managed to squander a 10% lead and lose Prishtina too, to an unknown architect. This loss will hurt Kurti most as his base became Prishtina. And he lost his base. 3

LOL. This is how employees of large media corporations react when they get caught perpetrating a massive four-year fraud on the public:

Yeah, so what? So we lied repeatedly. It's still true that Trump is bad, fascist and orange.

Also: why does nobody trust us?

Anne Applebaum @anneapplebaum

Even if every single word in the Steele dossier was wrong, that would not change the fact that the Russians sought to manipulate the US election using hacked material and a disinformation campaign. Nor would it change the fact that the Trump family welcomed this intervention.

The CEO of a corporation is not required to give a defendant the presumption of innocence because the CEO is not an agent of the court system. The "court of public opinion" is not an actual court.

The United States stands as a beacon of freedom because of the principle that people are presumed innocent until proven guilty.

The [@gofundme](#) CEO [@timcadogan](#) attacked that principle. It's unAmerican.

He should be forced to resign. We must reject his vision for America.

Just curious, Governor, what message does the Democrat-decreed Sanctuary State of California send out to the world?

There are many forms of lawlessness, often with fatal consequences.

The 24-year-old "transient" who was arrested in connection with the brutal slaying of a 59-year-old woman in South San Jose last month is an undocumented immigrant with a long criminal history

Murdered, allegedly by an illegal immigrant protected by California's Sanctuary State policies.

Bambi Larson

Suspect Carlos Eduardo Arevalo Carranza, a Salvadorian national, was arrested Monday and booked into jail for murder, officials said.

There were at least six prior occasions when Carranza was arrested, and immigration agents lied a detainer asking to be notified if he was set to be released. On all six occasions, two in Los Angeles and four in Santa Clara County. Carranza was released without anyone notifying U.S. Immigration and Customs Enforcement – as is often the policy with sanctuary cities and counties.

In Santa Clara County alone, Carranza has prior convictions for kidnapping, drug possession, battery on a police officer, trespassing and burglary.

The entire legacy media covered up the Hunter Biden-China scandals before the election of 2020.

It's a scandal of epic proportion.

Now, some are beginning to look at the facts....but it's too late. They can never be trusted.

Dear God Grenell, where is West for you ?? How about being more precise and saying that Germany is moving a bit away from the UK and US alliance. Germany is following its instincts and its interests. We dislike them because of their interference and abuse in the Balkans.

Similar here, chronic lymphocytic leukemia aka CLL (blood cancer) makes mask-wearing exhausting & somewhat dangerous.

Additionally, I've seen 3 different doctors (oncologist, endocrinologist, GP) 3-5 times each over the last 19 months, none have recommended the C19 vaccine.

AP confirms voter fraud is what I see.

And after claiming there wasn't fraud they now say "not enough fraud". But Julie has no idea if this was the tip of the iceberg or included everything.

The AP's after the fact "review" isn't a deep dive.

You've been PACED.

Julie Pace ✓ @JuliePace

@AP Journalists spent months reviewing every potential case of voter fraud in the six battleground states disputed by former President Trump. They found fewer than 475 — a number that would have made no difference in the 2020 presidential election.

And they have no idea how wide spread the problem actually is.....

Biden goes after millions of Americans telling them they will die.

I've never seen a tweet so mean and broad.

We are intent on not letting Omicron disrupt work and school for the vaccinated. You've done the right thing, and we will get through this.

For the unvaccinated, you're looking at a winter of severe illness and death for yourselves, your families, and the hospitals you may soon overwhelm.

You do know that the airlines never shut down and were flying before there was a vaccine?

And that there's been more death under Joe Biden and the Democrats than under Trump?

Rep. Eric Swalwell [Verified](#) @RepSwalwell

On a flight now to Bay Area and it is one-hundred percent batty that the unvaccinated are allowed to fly. It's unsafe in the cabin and we are transporting the virus. Requiring the vaccine to fly is the LEAST we can do to stop the spread.

The condescension of @BetteMidler toward Americans who disagree with her is repulsive, and would not be tolerated in any other profession.

under that Bette Midler has opened the road of America, which is to say, she is a great American. The reason it is wrong to do as she does is not because she is just a woman. It is because she is a woman who is not a woman.

Richard Grenell

Hollywood hates much of America.

If a conservative said this there would be a call to boycott the artist and the agency who promotes her.

A cursory glance at CDC data will tell you that one of the things that earned MTG a strike for is obviously true

And btw if we're banning people for "misleading" info on COVID then the public health establishment freaks pushing masks in schools should go next

Since in August after she falsely posted that the vaccines were "failing." Ms. Greene was given a third strike less than a month before that when she had tweeted that Covid-19 was not dangerous for people unless they were obese or over age 65, and said vaccines should not be required.

President of the United States of America

In light of the total bias and dishonesty of the January 6th Unselect Committee of Democrats, two failed Republicans, and the Fake News Media, I am canceling the January 6th Press Conference at Mar-a-Lago on Thursday, and instead will discuss many of those important topics at my rally on Saturday, January 15th, in Arizona—It will be a big crowd! What has become more and more obvious to ALL is that the LameStream Media will not report the facts that Nancy Pelosi and the Capitol Sergeant-at-Arms denied requests for the D.C. National Guard or Military to be present at the Capitol. Their emails and correspondence with the Department of Defense exist, but the media won't ask for this evidence, or report the truth!

AG Merrick Garland is really hamming it up over the January 6 Capitol riot. This is no “just the facts” press briefing. It is part of a propaganda exercise for the Democrats’ midterm election effort. He’s a tool, and the idea that DOJ is “independent” and “apolitical” is a joke.

The whole point of protesting is to make ppl
uncomfortable.

Activists take that discomfort w/ the status quo &

To folks who complain protest demands make others
uncomfortable... that's the point.

Joe Biden is just a politician that attends funerals and reads speeches. He's a puppet.

Today's jobs report number (a dismal 199k actual jobs when 422k were expected) shows that Biden isn't able to do the substance.

Holy crap! Liz Cheney just falsely claimed she is the ranking member — the top representative of the GOP caucus — on the J6 committee. In fact, she was hand-selected by Nancy Pelosi and is NOT the ranking member. Huge, huge legal implications associated with this lie.

The first question shouted by the White House press corps was his reaction to President Trump.

Um, 1.03% of children deaths in the US the last two years are with COVID-19, and children make up under a tenth of a percent of COVID deaths in the US.

Justices and those arguing cases in court R clueless of some basic facts surrounding COVID-19.

No wonder the garbage rulings.

Thank you Ms. Kagan for precisely explaining why we should never, ever have single payer.

The DNC contractor who floated the idea of getting damaging information from the Ukrainian embassy was **Alexandra Chalupa**, a Ukrainian-American activist and consultant for over a decade. Chalupa worked on outreach to ethnic whites, like Ukrainian Americans, multiple DNC officials said.

She also served several other Democratic clients while working for the DNC. But a DNC official said the organization has no evidence of the Trump team's claims.

A source familiar the matter said Chalupa "informally" told at least one committee staffer last year that Ukrainian officials had become concerned about Trump's campaign and his ties to Russia and suggested having the DNC work with the Ukrainian embassy to bring some damning information to light.

Wrong. Politifact is so left wing. They focus on "no formal" request.

But the leaders of the Pentagon then made clear they offered Pelosi and she said No.

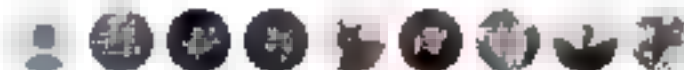

They are on the record. This is proof.

PolitiFact  @PolitiFact

There's no proof that Trump requested 10,000 National Guard troops for Jan. 6, or that Pelosi denied it. bit.ly/32ObYY9

While Donald Trump kept peace through strength, Joe Biden has invited conflict through weakness.

His weakness in Ukraine threatens dangerous consequences.

My statement

"While Donald Trump kept peace through strength, Joe Biden has invited conflict through weakness," said Laxalt. "Biden's Afghanistan mismanagement cost the lives of 13 American servicemembers and now his weakness in Ukraine threatens a new set of consequences. Nevada deserves a Senator who will hold Biden accountable and not enable his weakness. As a veteran of Iraq, I think I speak for most Nevadans in stating that we cannot put American soldiers in harm's way to bail out the bad decisions of a weak President."

I got monoclonal treatment in Florida within an hour of testing positive. I'm unvaxxed and had three days of mild leg aches and a mild sore throat. That's it.

Related: I also took Ivermectin and had no side effects other than then winning the Kentucky Derby.

Christina Pushaw @ChristinaPushaw

Journalists who are blowing up my phone demanding "evidence that monoclonal antibodies work," why don't you ask the FDA for evidence they don't work? Isn't the onus on the FDA to prove it?...

Keep it classy

We're dead last in media trust. The people who should be dragged are the media

The U.S. is the least trusted country of 46 when it comes to the way consumers view the news. If that isn't a wake-up call for the industry, I'm not sure what would be.

That how the Commerce Dept. works?

Caffeinate herrrrrr

He brokered peace deals. You get people their coffee

One thing journalists don't lack these days is confidence. One thing they do lack is the confidence of the public.

As well as brains

Jack showed them where the gate key was.

I love this hero!

I'll be on [@foxandfriends](#) tomorrow morning at 9:20 am. Tune in to hear about my second visit to the US/Mexico border, what's really going on, and how to fix it.

Unlike career politicians who only talk, seldom seek to understand problems, and never offer solutions, I'll fix it!

This crosses the line (again), @maddow.

Does @NBCNews approve of this censorship?

Much like the Capitol of Panem asks each district to must send a "tribute" and every citizen must watch as the youths fight to the death until only one remains, the liberal elites watch as these migrants risk their lives to come to America illegally.

This must end immediately.

Yikes! On [@MSNBC](#), [@RepBera](#) says all NATO members are united and taking the Ukraine crisis seriously.

This type of naivety should be condemned. It's dangerous to allow NATO members to take advantage of the U.S. taxpayer - and for Congressmen to not even notice.

I've focused on the US/Mexico border, but there is also a lot going on with our neighbor to the North. In Canada, a very large group of brave truckers has taken a stand against the tyranny of the out of control Canadian government.

As @elonmusk said, Canadian truckers rock!

. @JoeBiden will send 8,500 of our best to defend the Ukrainian border (at a cost of about \$12,200 per soldier, just to move them into harms way).

He and the media obsess over the territorial integrity of Ukraine, and ignore the invasion at our border. Put America First! #OHSen

New NYT analysis shows former Weekly Standard founder/editor Bill Kristol has become deeply involved in the Democratic money machine. His group, Defending Democracy Together, spent nearly \$40 million on behalf of Democrats in last cycle. [nytimes.com/2022/01/29/us/](https://www.nytimes.com/2022/01/29/us/) ...

Anti-Trump Republicans still came into the left's big-money firm Democracy Together, co-founded in 2015 by pundit William Kristol, spent nearly \$40 million of it from the Sixteen Thirty Foundation, a conservative think tank. less claims about voter fraud hammered by progressive groups that opposed Biden and mail voting.

Whoopi Goldberg explaining that the Holocaust wasn't about race because these were "two groups of white people" isn't just insipid, it's insidious. It's downplaying the minority status of Jews in order to uphold bullshit intersectional arguments that justify anti-Semitism today.

The intersectional argument is that Jews are white people, and that Jews are disproportionately successful thanks to "white supremacy." Because racism is "animus plus power," and Jews are powerful because they are white, anti-Semitism from non-white supremacists isn't bigotry

This logic is why the Left will condemn anti-Semitic attacks like the one at the Tree of Life but quickly memory hole anti-Semitic attacks by Black Hebrew Israelites in NJ or radical Muslims in TX.

Anti-Semitism, in this theory, is only present when it springs from actual white supremacists. Other acts of anti-Semitism are just a reflection of the dispossessed lashing out against those who have more institutional power

This makes sense because Tapper is a political operator.

Cernovich ✓ @Cernovich

Jake Tapper admits that information should not be disclosed if it would mean the "bad guys" (according to him) would win

Stunning admission on how Tapper and CNN covers the news. ...

The entire Trump immigration and border team has endorsed Jim Lamon.

Jim Lamon @jmlamon

Another endorsement for our campaign! As Former Acting Secretary for Homeland Security, Chad Wolf knows first hand the dangers we face as a country with no enforcement of immigration laws and an open border. We must get it under

The State Dept AP reporter Matt Lee has worked to give aid & comfort to Democrats for years. He gushed over Wendy Sherman being appointed.

And now the Biden team can't convince Matt Lee.

Following other states' announcements to end their mask mandates, [@AdamLaxalt](#) is calling on Nevada to do the same.

Adam Laxalt Renews Demand To Eliminate Mask Mandates

RENO, NV - Nevada Republican U.S. Senate candidate Adam Laxalt released the following statement renewing his call for Nevada Democrats to lift our state's mask mandates

As I've said consistently since the start of this pandemic, Nevadans are sick and tired of woke Democrats pushing mandates that don't work," said Laxalt. "Even as liberals in California and Illinois begin rolling back their useless mask mandates, the out-of-touch Democrats running our state are clinging to this failed policy at the expense of students who are forced to mask up just to go to class. All the while, our incumbent Democrat Senator Catherine Cortez Masto won't say a word to oppose her party's reckless agenda. At this rate, Nevada will be one of the last states to lift its mask mandate. When they do, it will be fascinating to see how they justify the science behind such a clearly political decision. We should not wait it's time to unmask Nevada and repeal these mandates."

While Democrats refuse to lift Nevada's mask mandates, teachers union leaders like Randi Weingarten call for masking in schools until there is zero transmission

November, New Jersey's governor's advisers were struck by the news. The governor held back-channel talks over the weekend, sharing frustrations over public health measures and the economic impact of the pandemic. He was impatient with restrictions on businesses and schools, and he was also concerned about the future of the state's economy and a deep recession.

In an expected move, former President Donald Trump tonight endorsed @karringtonsc in #SC01, calling the ex-lawmaker "a true Republican" challenging @RepNancyMace, whom he calls "an absolutely terrible candidate."

Trump backed Mace - who worked for his '16 campaign - in 2020.

Endorsement of Katie Arrington

Katie Arrington is running against an absolutely terrible candidate, Congresswoman Nancy Mace, whose remarks and attitude have been devastating for her community, and not at all representative of the Republican Party to which she has been very disloyal. Katie Arrington, on the other hand, is liked and respected and a true Republican. Her automobile accident a number of years ago was devastating, and made it very difficult for her to campaign after having won the primary against another terrible candidate, "Mr. Argentina." BREAKING: Nevada is the #2 most competitive seat in the country.

@CortezMasto "is the most vulnerable Democratic senator on the ballot."

We're going to flip this seat in November.

Via @njhotline:

2. Nevada—Sen. Catherine Cortez Masto (D)

Many top Republican strategists believe that Cortez Masto is the most vulnerable Democratic senator on the ballot, given they have a credible Republican front runner for the seat (former state Attorney General Adam Laxalt) and the demographic trends of Hispanic and working-class voters moving away from the Democratic Party. Nevada in 2020 was a closely contested battleground state, which Biden carried by only 2 points, and the political environment has turned worse for Democrats since. And unlike other battleground state senators like Georgia's Raphael Warnock and Arizona's Mark Kelly, Cortez Masto is still largely unknown to many voters, lacking the brand that some of her Senate colleagues bring to the table. Republican polling already shows Cortez Masto trailing Laxalt at this early stage—a rough sign for any incumbent.

Computer scientists have apparently
uncovered a covert server linking the
Trump Organization to a Russian-based
bank.

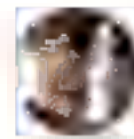

Statement from Jake Sullivan on New Report Exposing Trump's Secret Line of Communication to Russia

In response to a new report from CNN showing that the Trump Organization has a secret server registered to
Trump's personal email, which is secretly communicating with Russia, Hillary Clinton's Senior Policy Advisor Jake
Sullivan released the following statement Monday:

This could be the most direct link yet between Donald Trump and Russia. Computer scientists have apparently
uncovered a covert server linking the Trump Organization to a Russian-based bank.

This secret linkage may be the key to cracking the mystery of Trump's ties to Russia. It seems likely the Trump
Organization itself has something to hide, given that it apparently took steps to obscure the link when it was
discovered by journalists.

This line of communication may help explain Trump's bizarre address to Vladimir Putin and endorsement of so
many anti-Kremlin positions throughout his campaign. It is an even more troubling question in light of Russia's
manipulation of the 2016 election, and the fact that the Trump Organization has been accused of receiving
favors from Russia in exchange for business deals. We are all aware that the Trump Organization is a
company that has been accused of receiving favors from Russia in exchange for business deals. We are all aware that the Trump Organization is a

Computer scientists have apparently
uncovered a covert server linking the
Trump Organization to a Russian-based
bank.

Statement from Jake Sullivan on New Report Exposing Trump's Secret Line of Communication to Russia

In response to a new report from Slate showing that the Trump Organization has a secret server registered to Trump Tower that has been covertly communicating with Russia, Deputy for America's Senior Policy Adviser Jake Sullivan released the following statement Monday.

This could be the most direct link yet between Donald Trump and Moscow. Computer scientists have apparently uncovered a covert server linking the Trump Organization to a Russian-based bank.

This secret hotline may be the key to unlocking the mystery of Trump's ties to Russia. It certainly seems the Trump Organization felt it had something to hide, given that it apparently took steps to conceal the link when it was discovered by journalists.

This line of communication may help explain Trump's bizarre adoration of Vladimir Putin and endorsement of so many pro-Kremlin positions throughout this campaign. It raises even more troubling questions: a light of Russia's masterminding of hacking efforts that are clearly intended to hurt Hillary Clinton's campaign. We can only assume that federal authorities will now explore this direct connection between Trump and Russia as part of their existing probe into Russia's meddling in our elections.

The CDC just quietly lowered the standards for speech in early childhood development.

Now children should know ~50 words at 30mo rather than 24mo.

Instead of highlighting the harmful effects of lockdowns have had on children, the CDC just lowered the bar for milestones.

[Español \(Spanish\)](#)

CDC's milestones and parent tips have been updated and new checklist ages have been added (15 and 30 months). Due to COVID-19, updated photos and videos have been delayed but will be added back to this page in the future. For more information about the recent updates to CDC's developmental milestones, please view the [Pediatrics journal article](#) describing the updates.

Download CDC's free Milestone Tracker App

Child's Name

Milestones matter! How your child plays, learns, speaks, acts, and moves offers important clues about his or her development. Check the milestones your child has reached by 30 months. Take this with you and take with your child's doctor at every well-child visit about the milestones your child has reached and what to expect next.

What most children do by this age*

Social/Emotional Milestones

Plays next to other children and sometimes plays with them

Shows you what she can do by saying, "Look at me!"

Follows simple routines when told: like helping to pick up toys when you say, "It's clean-up time."

Language/Communication Milestones

Says about 50 words

Sings two or more words, with one action word, like "Doggie run"

Narrates things in a book when you point and ask, "What is this?"

Says words like "I," "me," or "we"

Cognitive Milestones
(learning, thinking, problem-solving)

Joins things to pretend, like feeding a block to a doll as if it were food

Other important things to share with the doctor...

- What are some things you and your child do together?
- What are some things your child likes to do?
- Is there anything your child does or does not do that concerns you?
- Has your child lost any skills he/she once had?
- Does your child have any special healthcare needs or was he/she born prematurely?

You know your child best. Don't wait. If your child is not meeting one or more milestones, he's lost skills he or she once had, or you have other concerns, act early. Talk with your child's doctor, share your concerns, and ask about developmental screening. If you or the doctor are still concerned:

- Ask for a referral to a specialist who can evaluate your child's needs, and
- Call your state or territory's early intervention program to find out if your child can get services to help. Learn more and find the number at [cdc.gov/iedt3](#)

For more on how to help your child, visit [cdc.gov/Concerned](#)

Child's Age

Today's Date

Shows simple problem-solving skills, like standing on a small stool to reach something

Follows two-step instructions like "Put the toy down and close the door"

Shows he knows at least one color: like pointing to a red crayon when you ask, "Which one is red?"

Movement/Physical Development Milestones

Uses hands to hold things, like turning doorknobs or unscrewing lids

Takes pants off by himself. (No loose pants or an open jacket)

Stomps off the ground with both feet

Turns book pages, one at a time, when you need to flip

It's time for developmental screening!

At 30 months, your child is due for general developmental screening to see whether he or she is on track with his American Academy of Pediatrics. Ask the doctor about your child's developmental screening.

Don't wait!
Acting early can make a difference

John Oliver spent 28 minutes hyperventilating about the anti-CRT movement, repeating the dumbest tropes, like "CRT is graduate-level legal theory" and never taught in K-12 schools. But he's doing us an unintentional favor: the more the public learns about CRT, the more we win.

According to Democratic Party pollsters, 61 percent of swing district voters agree with the statement: "Democrats are teaching kids as young as five Critical Race Theory, which teaches that America is a racist country and that white people are racist."

6 30 412

Christopher F. Rufo @chrisrufo · 11m

The reality is that my voice is much more powerful than John Oliver's. The NYT, WaPo, CNN, and MSNBC have been lying about CRT for the past year and the public doesn't believe them.

We have the truth on our side and we will win. 🇺🇸

P.S. The reason John Oliver and Trevor Noah aren't funny is because, traditionally, the court jester is supposed to mock the nobility; Oliver and Noah, by contrast, sneer at the population "below" them.

They're not a challenge to power;
they're a mouthpiece for power.

I don't think people who are not European really understand the EU. Until now reactions to Putin have been soft because no one feels threatened by Putin (outside of three or four countries). When that changes (seems inevitable now) response will be bitter.

Trump says Putin's military move on Ukraine is "genius."

"Put n is now saying, It's independent, a large section of Ukraine. I said, 'How smart is that?' And he's gonna go in and be a peacekeeper.. We could use that on our southern border "

"Here's a guy who's very savvy."

[Show this thread](#)

BUCK: Mr. President, in the last 24 hours we know Russia has said that they are recognizing two breakaway regions of Ukraine, and now this White House is stating that this is an “invasion.” That’s a strong word. What went wrong here? What has the current occupant of the Oval Office done that he could have done differently?

PRESIDENT TRUMP: Well, what went wrong was a rigged election and what went wrong is a candidate that shouldn’t be there and a man that has no concept of what he’s doing. I went in yesterday and there was a television screen, and I said, “This is genius.” Putin declares a big portion of the Ukraine – of Ukraine. Putin declares it as independent. Oh, that’s wonderful.

So Putin is now saying, “It’s independent,” a large section of Ukraine. I said, “How smart is that?” And he’s gonna go in and be a peacekeeper. That’s strongest peace force... We could use that on our southern border. That’s the strongest peace force I’ve ever seen. There were more army tanks than I’ve ever seen. They’re gonna keep peace all right. No, but think of it. Here’s a guy who’s very savvy... I know him very well. Very, very well.

By the way, this never would have happened with us. Had I been in office, not even thinkable. This would never have happened. But here’s a guy that says, you know, “I’m gonna declare a big portion of Ukraine independent,” he used the word “independent,” “and we’re gonna go out and we’re gonna go in and we’re gonna help keep peace.” You gotta say that’s pretty savvy. And you know what the response was from Biden? There was no response. They didn’t have one for that. No, it’s very sad. Very sad.

europhiles at @StateDept haven't noticed
they aren't respected.
